My name is Niyeara, I'm a single mother of 3, ages 18, 16, and 8. Santa this year has been tough for me. This year I have lost so much from March to June I have lost my job, my dad, my car and my partner. Yes it's been hard but I'm keeping it together. I wanna ask for a little help, my 2 oldest has jobs so that makes things a little easier for me as I struggle to navigate through life trying to make ends meet. My youngest Thase is 8 and has autism it's been hard trying to get him things that he needs and I hoping you can help put a smile on his face he's such a simple kid if you can help me. Thase loves stuff animals he loves Mickey mouse, he's starting to open up and he enjoys singing and dancing. His favorite snacks are apples and applesauce, He really needs under clothes and socks, He likes book and blocks. He's a cool kid anything will help we're grateful for anything.

Thank you
Hope you answer
