

Dear Santa,
for christmas I want a Godzilla toy
that can do a hyper beam and I also
want it with a remote controller
that can move its arms, its legs,
and the spikes light up in the dark
because I keep forgetting to buy it for
my birthday. I want colorful pens so I
can draw with colorful colors. I also
need new shoes with blue, red, and
gold or yellow on the shoes because
my shoes get broken or I get too big
and grow out of them.
