Dear Santa,

My name is Nikkyren McGahee Jr, and I'm one years old. Everyday I still learn new things, exploring, and growing bigger and stronger.

For Christmas I would be happy to recieve anything I'm grateful for, below are my special gifts.

- A learning toy, such as a shape sorter, stacking cups, or a board book to help learn shapes, colors, sounds, and new words.

- A musical toy that I can play with and enjoy.

- A package of diapers size 5, bath time essentials (toys), a pair of shoes (3C) to keep my little feet warm and comfortable as I start to stand and walk. If you can Santa can I get a rug or mat so when I play on the floor, it won't be so cold.

Thank you Santa for thinking of little boys like me.
