

Dear Santa,

I hope you're well. I am trying to do good in school and take care of my mother as well. I'm also trying to get better with my art. For Christmas I would like a sketchbook pack and a camera. For me and my mom I would request upon your jolly olf self a heated blanket for movie nights in the winter. Thank you for your time, and thank you Mighty Writers and Mighty Writer volunteers for making me feel welcome and safe.

P.S. The reason I want the camera is because when I was younger I did a lot of photoshoots with my mom and haven't gotten to do that in years. I have recently have been interested in photography, so someday I could possibly do photoshoots with and for my mom to make her happy.

Merry Christmas
