

Dear Santa,

I hope you're doing well. For Christmas

* I would like a clay making set

because I will make cute items and

decorations. For an educational gift can

I please have the spy x family manga?

lastly, for my family pillows would be

great because we are always looking

* for them. I slept for three months without one!

I love making things and using my hands

this is why I want clay. I have already

started reading spy x family but I

want to read more of it.

Thank you very much! ❤️
