

Dear Santa,

For Christmas this year I would like a real life babydoll. I love to play pretend house a babydoll can make it feel real. I would also like a new night-light for my bedroom, because sometimes its too dark at night. This year I would also like something for school I need a calculator to help with math. Thank you for all you do year in and year out SANTA

-Love Briley.

Gender: female Age: 7
