

Dear Santa,

I request your magic. For Christmas I ask for a shark plush.
I would like one because sharks are awesome and pretty.
Also because they are misunderstood like me. For school I request a fine
tipped sharpie pen. I would like one because they write neatly. Also
because they are beautiful. To make my home pretty I would like
a lemon rug. I want this rug because I love lemons. Also because
they are delicious. Thank you for your time.
