

Dear Santa,

* That things I want for Christmas

First, for school I want a water bottle so I can drink water but I don't want it to be see through so they don't see what I am drinking because I don't like them saying "What are you drinking?" Second, what I want for personal things is some new pants since I don't have that many pants because most of them are ripped and some are going to Guatemala but I want then kind of baggie but if you can't that's okay. Last things for fun I want a Rubik's Card and a notebook to draw and paint and some colored pencils. I know I did the things that I want but can I also get a Mechiken from Mr. Dolnads can you?
