

Dear Santa my name is Kyan
I am 9 years old and I live in America.
This year I have been mostly good.
Here are things I would love for
Christmas. My toy would be
football gloves so I can play with
my friends in football. My educational
item would be virtual
reality so I can use it to learn stuff for
something my mom wants is new
nike shoes because she always
buy me everything and I want
to give her something. Thank you
so much Santa.

* love Kyan
